This study aims to determine and explain the effect of electronic word of mouth, electronic service quality and brand image on Wardah repurchasing at the Official Store Tiktok Shop. The research uses explanatory research methods which are carried out through data collection in the field. The population is all Wardah customers at the Tiktok Shop Official Store with a sample of 96 people, data analysis using multiple linear regression statistical methods and hypothesis testing and termination coefficients. Based on the results of the study, it shows that Electronic Word of Mouth is able to increase repeat purchases of Wardah products at the Tiktok Shop Official Store. The better the Electronic Word of Mouth, the higher the repurchase of Wardah products at the Tiktok Shop Official Store, Electronic service quality is able to increase the repurchase of Wardah products at the Tiktok Shop Official Store. This means that if the electronic service quality is getting better, the repurchase of Wardah products at the Tiktok Shop Official Store will increase and the brand image is able to increase the repurchase of Wardah products at the Tiktok Shop Official Store. This means that if the brand image is getting better, the repurchase of Wardah products at the Tiktok Shop Official Store will increase
